The shallows of Erhai lake breathe
with an enchanted green
unraveling the summer breeze.
Her childhood memory drifts in the dancing rice field
rushed by a sweet flamboyant beet red.
Wandering into the mountain stream--
Gather and flow
with the ripened tartness the wilderness spares.
Summer has camped on the burning charcoal
embracing the earthy aroma and
Banana Leaves cradle
lemon grass flavored dreams
that burst in whimsical sparks--
sweating, never ceasing

The Rainbow is a glimpse of
rustic colorful umami
What can I grasp? besides
Chasing utopia in the morning dew
